DEAR GEORGE WASHINGTON UNIVERSITY RETIREE,

Welcome to the 2018 Benefits Open Enrollment season!

Open Enrollment begins on October 9, 2017, and closes on October 27, 2017.*

The Open Enrollment period is your once-a-year opportunity to review the benefits offered by the university and to change your benefit selections for the upcoming year. You can add or remove benefits, dependent and more. Any changes requested to your health and wellness plans after the Open Enrollment period will require a Qualified Life Event (QLE), such as a change in marital status, spouse’s work status or coverage, etc.

*IMPORTANT: The Open Enrollment period that runs October 9-27, 2017, is only for those retirees or dependents who are continuing benefits via PayFlex. For those continuing benefits via OneExchange, please see the “Post-Age 65 Retiree - Medicare Exchange” section.

WHAT’S NEW AND WHAT’S CHANGING

Healthcare Plan Options for 2018

Pre-Age 65 - GW Retiree HSP
For 2018, GW will continue to offer the GW Retiree Health Savings Plan (Retiree HSP) with Health Savings Account (HSA) for retirees and their dependents under age 65. GW’s Retiree HSP family out-of-pocket maximum (OOPM) will increase by $200 from $7,150 to $7,350.

NEW! Applied Behavior Analysis (ABA)
Beginning January 1, 2018, ABA therapy will be covered under the GW Retiree HSP. Participants will be eligible for coverage of ABA services for the diagnosis and treatment of autism spectrum disorders (ASD).

NEW! CVS Health’s Transform Diabetes Care™
New to GW’s pharmacy benefit offerings is CVS Health’s Transform Diabetes Care™, a total condition level management program designed to improve health outcomes and lower pharmacy costs. Program features include highly personalized support and coaching, comprehensive diabetes visits at MinuteClinic locations at no out-of-pocket cost (including A1C checks) and access to digital tools to reduce the complexity of daily disease management.

PLEASE NOTE: Beginning January 1, 2018, diabetic medications and supplies must be filled through CVS Retail or CVS Mail Order.

NEW! Life Insurance
Beginning in 2018, life insurance benefits will be administered by Liberty Mutual. The vendor change will result in overall program savings and improved administration. There will be no change to the retiree group life insurance benefit. Please consult the Retiree Guide for details.

Post-Age 65 Retiree - Medicare Exchange
For retirees and dependents age 65 and older participating in medical, pharmacy, vision or dental plans via OneExchange, the Open Enrollment period will be October 15 - December 7, 2017. For more information, contact OneExchange at (855) 232-5748.

NOTE: Retirees enrolled at OneExchange who opted to continue dental and/or vision coverage through PayFlex, please see “How to Enroll” section for more Open Enrollment details.

WHAT’S STAYING THE SAME

The following programs and benefits will continue to be available in 2018:

UnitedHealthcare Vision Plans
GW’s Basic and Enhanced vision plans will remain the same for 2018, with no changes in plan coverage or retiree contributions.

Health Advocate
For hassle-free assistance with resolving healthcare and insurance issues, look no further than GW’s Health Advocate program, which will continue to be a special benefit offering available to all retirees enrolled in a medical plan through PayFlex or OneExchange. By utilizing Health Advocate, you will gain personalized, prompt and reliable expert help while realizing savings in time and money.

Freestanding Imaging & Labs
Prices vary significantly for imaging and lab work – even if you go in-network. The GW health plan will continue to offer a preferred network – including a lower co-insurance – when you use a freestanding network facility or GW Hospital for labs, X-rays and major diagnostics.

UnitedHealthcare (UHC) Virtual Visits
Skip the waiting room with UHC’s Virtual Visits, which will continue as a GW health plan offering in 2018. The convenient service allows you to connect with a doctor from your mobile device or computer with no appointment. Visits often take 10-15 minutes, during which time doctors can diagnose and treat a wide range of non-emergency conditions as well as write prescriptions (if needed), which you may subsequently pick up at your local pharmacy.

Centers of Excellence
GW will continue to offer UHC’s Centers of Excellence for Cancer and Infertility. Centers of Excellence provide access to leading healthcare facilities, physicians and services to support safe, specialized and cost-effective care. UHC’s nurse consultants provide the information you need to make decisions about your care and help guide you to a particular Centers of Excellence Networks program that meets your specific needs.

Tuition
Retirees are eligible for the tuition remission benefit, which pays a percentage of tuition costs based on years of service. The benefit may also be used by a retiree’s spouse/domestic partner and eligible dependents. Please consult the Retiree Guide for details on the tuition remission program.

Please remember that changes made to GW group benefits via PayFlex during this period become effective January 1, 2018. For those enrolled at OneExchange, please contact OneExchange directly for coverage effective dates.

IN THE COMING WEEKS, if you have medical, dental and/or vision coverage through PayFlex, you will be receiving your Open Enrollment materials and forms from PayFlex. Please be sure to carefully review the benefits options described in the Open Enrollment Guide.
