George Washington University Summary of Benefits

Life and AD&D Insurance

Group life insurance coverage can offer important financial protection

Most people agree that protecting their loved ones in the event of death is very important. Consider what would happen to your dependents if they no longer had your income to rely on. Life insurance can help your family maintain its standard of living as well as secure plans for college and retirement. With the right amount of life insurance, you’ll know that your family’s financial obligations will be covered.

Together with your employer, Liberty Life Assurance Company of Boston offers you an opportunity to purchase Optional Group Term Life for you and your dependents.
