¹ Coverage applied after one year of benefit eligible full-time service, effective 1st of month coinciding with or following anniversary date.

² Under Voluntary STD insurance, part-time faculty can receive 60% of their benefit salary up to \$3,000 per week up to 150 days. (Benefit elimination period of 30 days applies to all Voluntary STD claims.)

³ Full-time faculty with two or more years of benefit eligible service can receive 100% benefit salary up to 166 days. (Benefit elimination period of 14 days applies to all GW-paid STD claims.)

⁴ Employees who have worked at least 1,000 hours in an eligible position per year for two years will be eligible for the 401(a) Retirement Plan. Once eligible, an employee will always be eligible, even if he or she works fewer than 1,000 hours in subsequent years. Temporary Faculty excluded.

⁵ The level of benefits for regular full-time employees will not change if they move from one full-time position to another full-time position; however, if regular full-time employees move from a full-time position to a part-time position, then the benefit may be pro-rated (decrease).

⁶ Some programs require participation in GW's medical insurance plan. Some program/discounts are only offered to benefit eligible faculty.
